Western Stamp, Inc
CLASSIX PRODUCTS

2014

ClassiX P-Series keeps getting better!

Alignment marks and see-through base help you put your message right where you want it.

Consumer Benefits:

- Replacement cartridge slides out without locking the stamp – less chance of getting ink on your hands.
- Alignment marks note edges and center of die.
- Rubber feet keep stamp from slipping.
- Black item number differentiates between new and previous mount.
- Ridges on sides for no-slip grip.
- Reinforced slide mechanism is sturdier.
- Quieter, smoother slide operation.
- Less pressure required to make an impression.
